**REASON FOR LEGISLATION:** To provide authority for the Mayor to execute a multi-year contract per City Ordinance when funding appropriations come from more than one fiscal year C.I.P.

## **D I S C U S S I O N**

The Lincoln Municipal Code requires that C.I.P. funded contracts be fully funded for the Mayor to execute the contract. Should a contract require funding from future budget years, the City Council must by Resolution, give authorization to the Mayor to execute contracts of this nature.

Due to extensive and increased priority sidewalk repair needs throughout the community and increased repair locations for previous contracts in the Near South Neighborhoods, the contract bid of \$463,563.00 for the Downtown and Near South Neighborhood will require use of \$148,563.00 in 2004 funds and \$315,000.00 in 2005 funds. This Resolution authorizes the Mayor to execute project 701801 for sidewalk repair in the Near South and Downtown areas.

Public Works & Utilities believes it is in the public's best interest to expedite the execution and completion of this contract this construction season.
